Submitted on 11 Apr 2023

HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

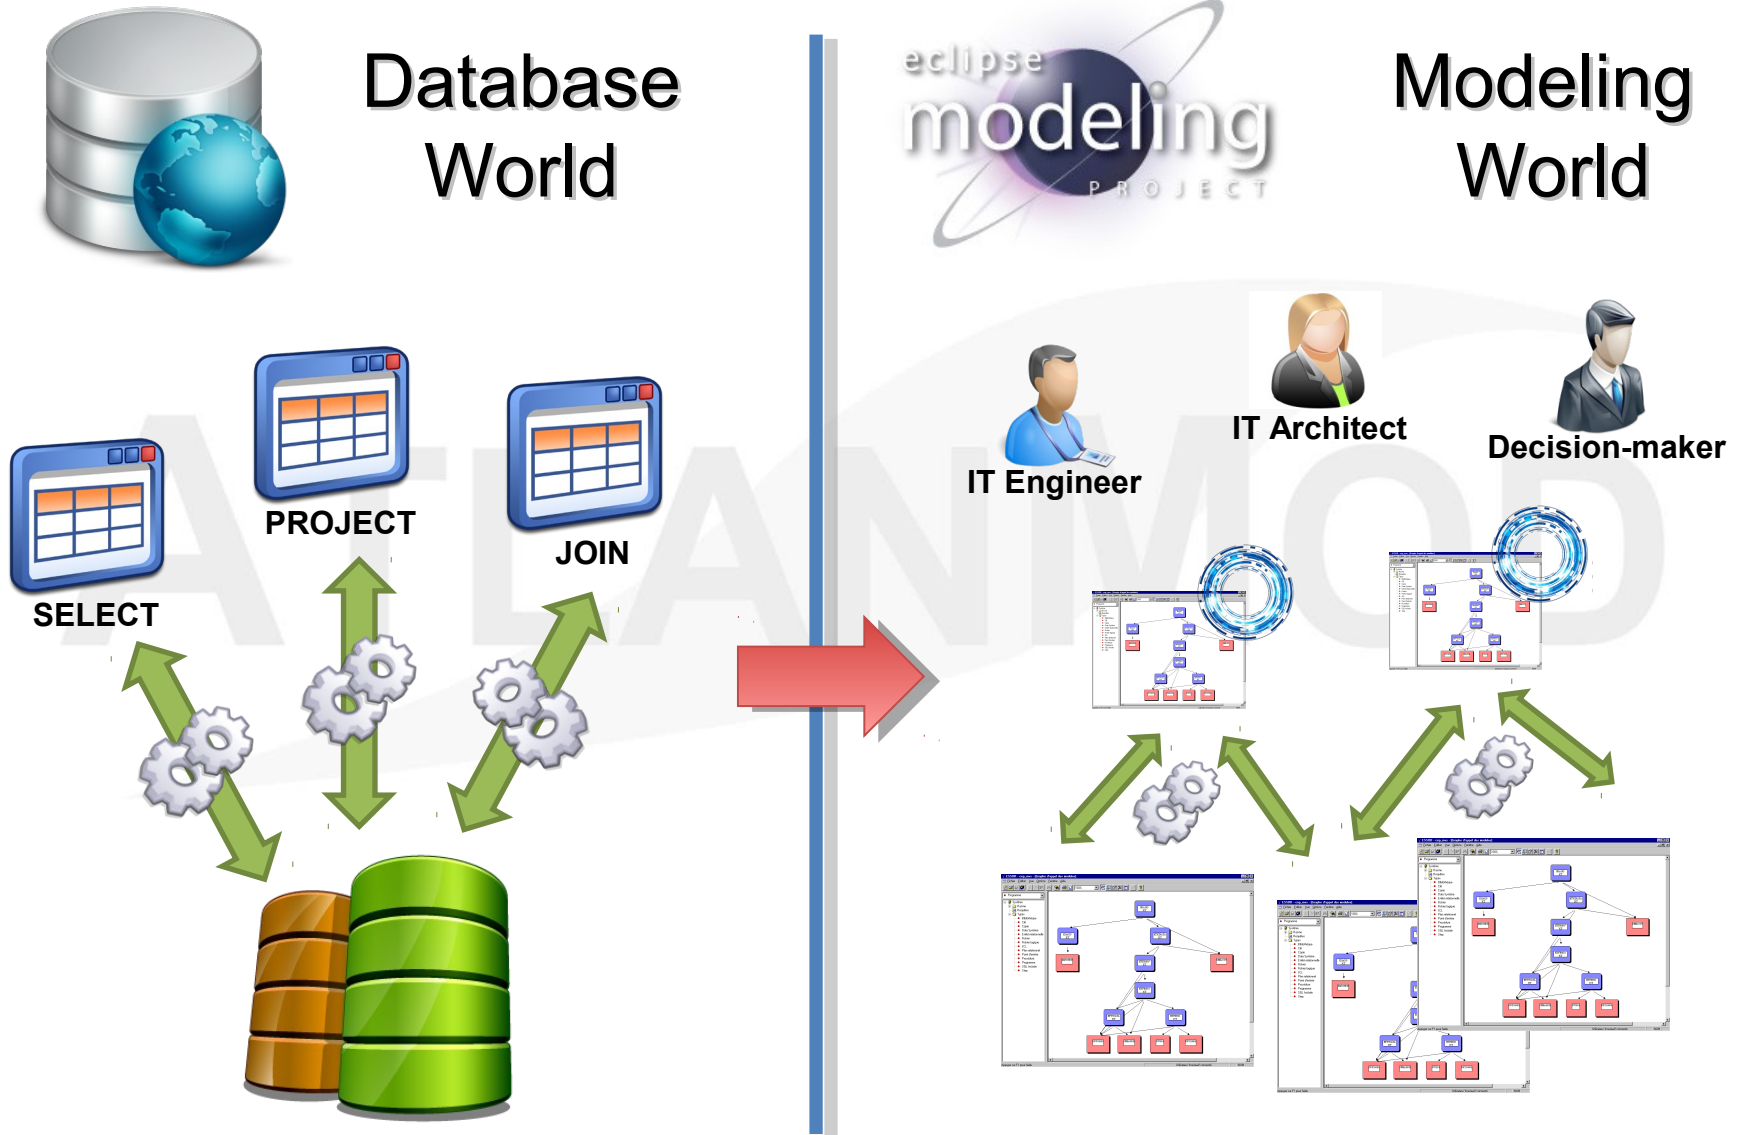

Dealing with several interrelated EMF models?

Juan-David Villa Calle, [Hugo Bruneliere](#)

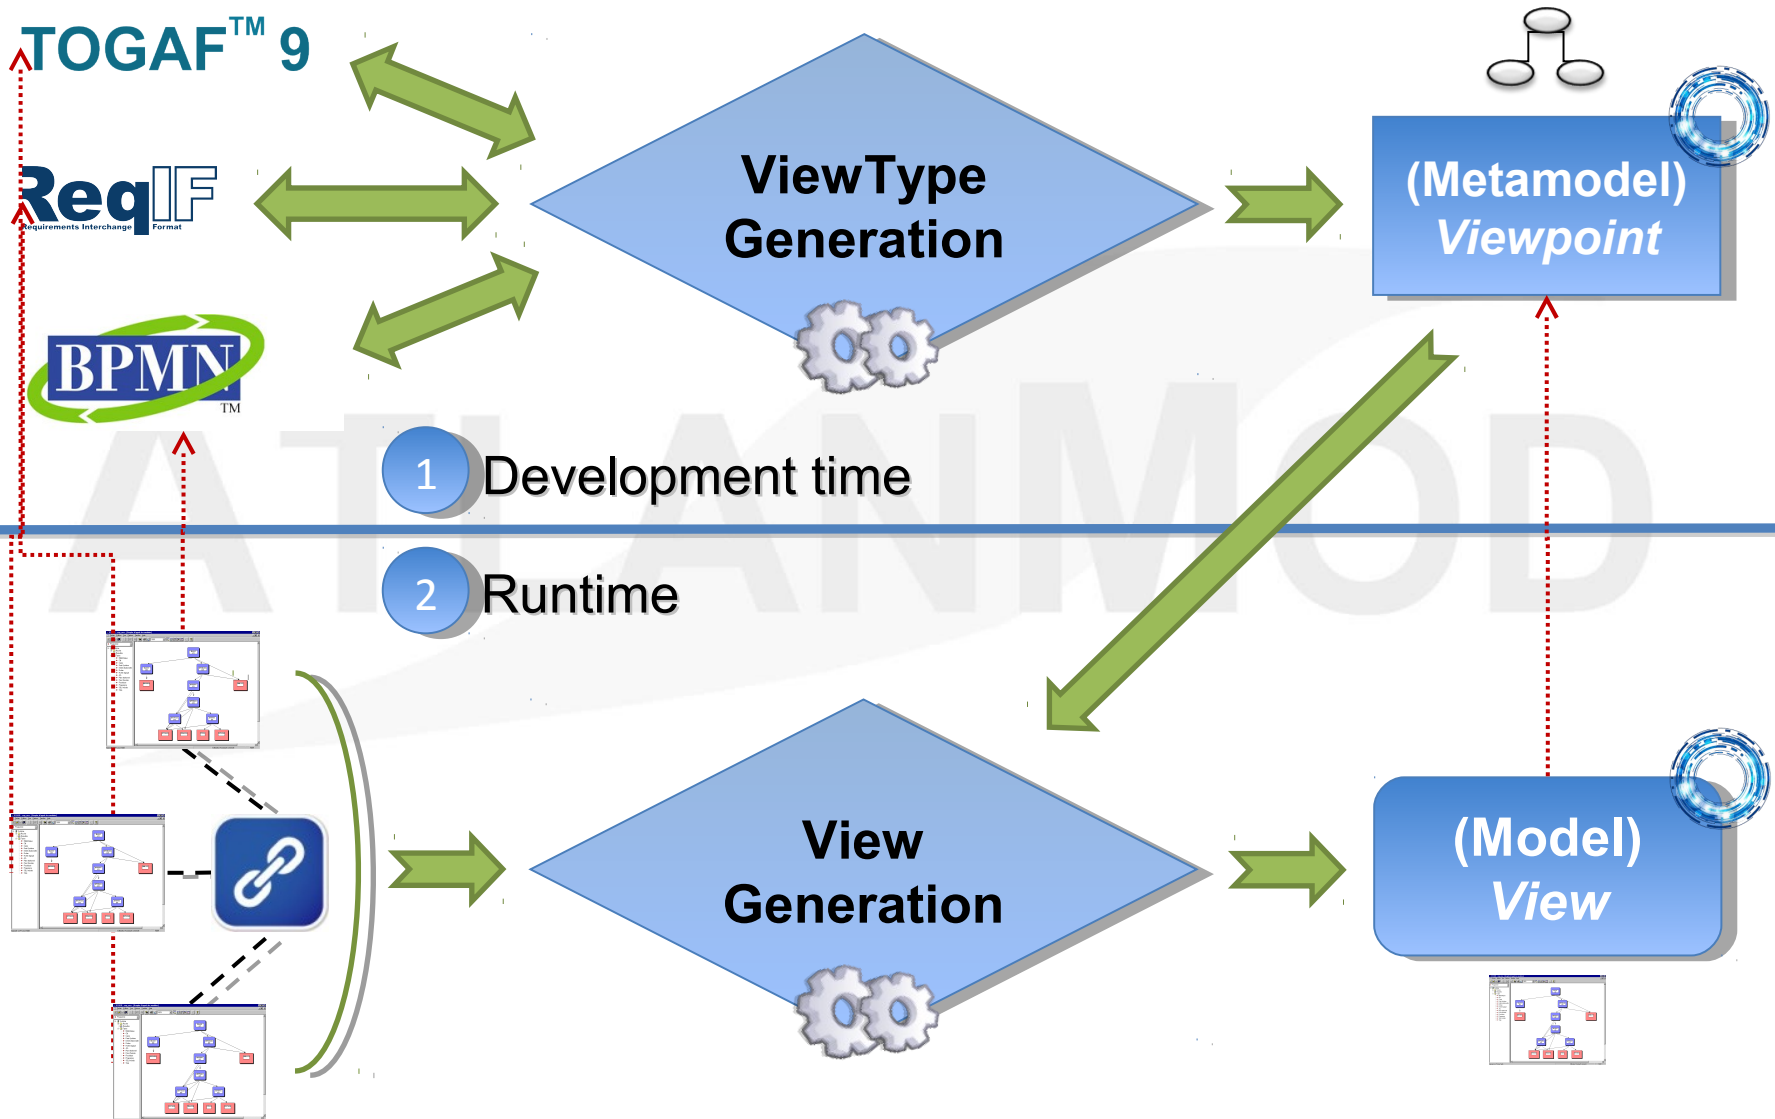

Modeling Symposium
19th of March 2014

Deal with several interrelated EMF models

EMF Views overview

Main features of EMF Views

- 1** No information duplication
- 2** Original models preservation
- 3** Views dynamic generation
- 4** Integration with EMF-based tools

EMF Views Demonstration...
